It was great and  
fun having you  
as a reading lab  
instructor. I really  
needed the help!

Kathy Hernandez

P.S. With rotten luck  
you'll have me again  
next year? Ha Ha

Mr. Katrein  
It was  
frustrating  
have a good  
summer  
Kanga Langley

Mr. Katrein,  
It was really  
fun this year.

P.S. I didn't mean  
most of the comments  
I threw at you.

Hi

"I'm sorry"

To the  
Sork

from MARY ZIMMER

P.S THE BEST  
STUDENT

It was nice to  
have you as  
a reading teacher.

Donna Yangst.

P.S Thanks for helping  
this year.

It's been  
great knowing  
you and having  
you as one of my  
ex-teachers. Have  
a great summer  
and take care.

Yours truly,  
Walter Lessenberry

To Mr. Katrein,  
a GREAT Reading Lab  
teacher, so good that I  
will probably come back  
next year.  
Scott Whitington

Contrary to popular opinion,  
(you'd) I am not graduating, so  
I will be back... (duh shucks)  
It you will continue not kicking  
me out when I'm un-useful, I'll  
continue being useful (occasionally)  
OK???

Just Glad  
Have a really fun summer

TROJAN BOOSTERS-Ed Herbeck, Ed Wysocki, Dave Woodward, Bernie Furstenau, Jerry Lane, Jack Webber.

## District Administration

The Board of Education, District # 99, under the direction of Dean Spencer, is comprised of eight members. It is responsible for determining the policies of the Downers Grove high schools, thus playing a major role in maintaining high standards of education.

The Trojan Boosters Club consists of parents of D.G. students. It lends its active support to the DGHS-N sports programs throughout the year.

Dr. Glenn E. Pickrel, school superintendent for District # 99 and # 58 for the past seventeen years, is in charge of the school administration. He also acts as the chief executive chosen to carry out the policies made by the Board of Education.

School Board-Wayne K. Anderson, Harold W. Johanson, Florence Herrick, Secretary, Dean Spencer, President, Elizabeth Gilomen, Leon Werch, John Lauder, William Conrod Jr.

# School Administration

The school administration makes sure that all students meet the basic college preparatory requirements, offers opportunities to explore educational, vocational, and avocational areas, and provides an environment in which each student can make optimum progress according to his own ability. The rest is up to the student.

---Mr. Adams---

There is a tremendous opportunity for administration to exercise imagination and experimentation leading to new knowledge and improved techniques.

# Counselors

Guidance services are aimed at every student in the pursuit of an education leading to a happy and successful life. Counselors work with students with the hope of assisting each individual to understand himself and his opportunities, to make appropriate adjustments and decisions in light of this understanding, to accept the responsibility for this choice, and to follow a course of action in harmony with this choice.

# Business

A sign of the rapidly changing times is the demand being made in educational circles, especially by students, for "relevant content," "realistic experiences," and "individualized learning." The potential for business education to meet these demands is greater than it is in many other fields. Where else is there greater opportunity to provide more relevant content than in the business education subjects? Here students are provided with the opportunity to learn about their relationship to business and the economic system.

# Physical Education

Physical Education should relate to one's life in many ways. First, one gets a knowledge of the sport; (2) he gets an appreciation of what it takes to succeed and perform well; (3) as a result of the first two, he becomes an entertained spectator; (4) he should be able to comfortably occupy leisure time; (5) he should improve social contacts; and (6) P.E. should make one more aware of the human body and what it takes to function at maximum efficiency.

The value of Social Sciences lies in being able to profit from the past, or history. History provides us with a base. # School Staff

In my job we meet so many "characters" that it remains entertaining. All kidding aside, it is interesting because of the various duties. Time just flies working in the attendance office.

---Mrs. Blanford---

My job is to be a sort of "right hand man" to the Principal and Assistant Principal, performing not only the routine secretarial duties, but whatever might present itself. Public relations play a very important part in the job of the Principal's secretary. In this job I feel I am able to help not only the Principal, but teachers, students, and parents as well. I meet many different types of people in my work, and very seldom are there two days alike.

The Future Nurses Award is a monetary scholarship given by the Junior Women's Club, presented to those students interested in pursuing nursing as a career.

The senior girl earning the highest score on an exam concerning all areas of home economics received the Homemaker of Tomorrow, sponsored by the Betty Crocker Company.

Various Business Awards are given to students excelling in business related areas. These awards are sponsored by the Chamber of Commerce and the Ladies of the Moose and all carry a cash stipend.

The Four Year Library Aides are those students contributing four years service to the library.

## Book Club Debate Team,

The Book Club's main purpose is to provide discussion and social activities for students who share an interest in books and cultural activities.

Ms. Cantrall

Debate's main objectives have always been to give the student some preparation for public speaking, impromptu speaking, and a general knowledge of some current political topic.

The Novice division of our team has seen great expansion this season, winning close to 150 rounds of debate. The Varsity team did not do as well as previous years.

Mel Kent

## Science and Chess

There is no longer a chess club, but rather a school team that plays the other schools in the conference. Chess taken seriously can help to improve a student's study habits and his attitude toward school and learning.

The science club develops furthering interest in science beyond the classroom. The club is run by students and thus, the students learn leadership, public speaking, and many other good habits.

# Band

Band serves two main purposes: (1) It serves a functional purpose as a service organization to the school at parades, sports events, and patriotic observations, and (2) it serves its main purpose of music education by teaching through the performance medium the finest in band literature, individual performance, and ensemble performance. Band provides a worthwhile educational experience through the performance of the finest in concert music. It gives an aesthetic outlet for talented music students in our school. It is an activity that brings together students with a common interest to form an organization with a single purpose; to develop into the very finest band possible.

## Orchestra

The Orchestra tries to study and perform music from all periods of history and from a wide and varying range of composers. The main activities that the Orchestra participates in are four concerts per year, Illinois Music Educators Association District and State Festivals, solo and ensemble contest, and the North-South festival. The Orchestra gives each of its members a broader knowledge of music and culture.

# Varsity Football

Football 1972 was a unique year. The players on this team were very close because there were so few. Almost everyone had counted us out before the season even started, but we came within inches of winning the conference.

---Vince DePinto---

This year's season was highlighted by a group of dedicated seniors who believed that they could be winners--and they were winners. Not too many people thought that the Trojans would have a winning season; however, not only did they have a successful season, the Trojans upset the then number one team in the state--Glenbard West. Although beating Glenbard was a tremendous victory, the boys also came through by beating Hinsdale for the second year in a row and retained the Old Oaken Bucket. Although this year's senior Trojans will certainly be missed, we hope that they helped establish a winning tradition and pass down that sense of pride, desire, and hard work to next year's team.

# Sophomore Football

The Sophomore football team was a determined group of young men. All the members of the team were willing to work hard and sacrifice in order to attain the conference championship.

Football makes young men out of boys!  
---Coach Moravec---

The Glenbard game was the biggest game for us. It seemed like the tougher the competition, the better our boys played. The 1972-1973 Sophomore team earned the conference championship. It was my pleasure to coach them.  
---Coach Walker---

We worked really hard and sacrificed a lot to get the championship, but it was worth it.

# Freshman Football

Tenacity, mental toughness and togetherness made this team a good one. They will be champions in the years to come--Downers Grove North can be proud of them, and these players should have pride in themselves as well.

-Coach Wasmer

From the beginning we knew we were a good team. All of us played together when we had to.

We won and lost as a team.

I think our best effort was in the Hinsdale game. It was important because we knew they were good. We played like we were trying to win the bucket. . .and if we were the varsity, we would have.

# Cross Country

Cross Country runners make themselves, they are not born. Most of our runners put in 500 miles before the season starts and continue running when the season is over. Cross Country is one of the few sports that you can be part of all your life.

Coach Lewis

The 1972 Varsity team was the best since 1964. Out of 69 schools that we ran against we defeated 49. We also finished 3rd in the 27 team Niles West Invitational and a respectful 8th in the District.

Coach Ritter

# Varsity Basketball

Basketball gives the player an opportunity to prove himself as an individual and as part of a group involving a high degree of teamwork. As an individual he has the chance to challenge an opponent and himself to the best of his ability, in order to make himself the best player he can be. It is a sport that demands great teamwork in which the players learn the thrill of competition, the excitement of victory, and the ability to accept defeat.

Mr. Wasmer

We always seemed to play good against the teams that were supposed to beat us, but then when we played teams we were supposed to beat, we never got up enough for the game.

# Sophomore Basketball

Although the record is unimpressive, (A-team 5-12, and B-team 2-11) most of the games were extremely close. This was a big team that has shown much improvement through the year. Next year should be different.

Coach Krueger

The Downers Grove Ponies finished the season winning 15 of 21 ball games, ending up in 5th place in a tough West Suburban Sophomore league. The season was highlighted by winning the Wheaton North Christmas Tournament.

# Trojan Wrestling

Wrestling is a tough physical sport that teaches the individual self-discipline. While it is basically an individual sport, we stress that the team is the backbone of the program.

--Coach Ritter

It takes many hours of hard work to become a good wrestler. You have to know the moves and play them wisely. We are looking forward to an even better team next year.

--Lucien Senese

The varsity wrestling team had an excellent season this year, finishing second in the West Suburban Conference with a 5-1 record. The team showed great effort and good balance. Ten wrestlers had a winning record and five wrestlers made the All-Conference team. They were: Lance Pliml at 98 pounds, Dave Becker at 105, John Woodward at 155, 167 pound Jim Bartasis, and Terry McCarthy wrestling Heavy-Weight.

# Gymnastics

Gymnastics requires a vast amount of dedication, self-discipline, courage, and concentration in order for the individual to excel. His high points come from learning new stunts and being able to blend them into a continuous, flowing, artistic routine.

Each team has shown growth over the years. To date the gymnastics team has been able to leave something of them to each of the later teams. As each team progresses, the next team will benefit from them.

When the gymnast goes out to compete in his event, he knows there is no one else to rely on. Mistakes he makes are his own. There is no one there to cover up for him. This is what makes the gymnast a very self-reliant person.

# Swimming

The biggest change in Downers Grove swimming is the passing of the pool referendum. We now can look forward to being a contender in the West Suburban Conference. The team seems to grow in strength and number every year. Each season we find more and more freshmen out for the team. Many of them have a lot of talent, which, if used properly, will help make the team stronger.

--Pete Ineich

Every year we are stronger and more successful than before. Last year's sophomores were quite successful and should provide the extra boost that the varsity team needs.

## Track

The greatest difference in track was the adaption of individualized workouts. This change places the responsibility of how much a person wants to excel in his own hands. However, in the specialized events, it takes careful observation and participation in coaching the development of an athlete.

Last year and this year were tremendous for me. We have a lot of talent on our team, and I feel we can be pretty tough.

# Baseball

Last year's varsity baseball team finished up as West Suburban Conference champs, so it was hard repeating our performance, since we were hit especially hard by graduation. However, I believe we were always in strong contention, mostly because of all-conference selection Fran Paradise and pitchers Jim Reinert and Scott Strauch's productive season.

Coach Ritter

Lanny Poffo warms up in the batting cage.

The season was especially short this year, since a lot of our games were rained out at the beginning. It would be better if the season was extended part way into the summer.

## Golf

This year's Golf team had four returning lettermen, Rick Misek, Glenn Grabic, Rick Reinmuth and Mike Sell. The last few year's LaGrange, Hinsdale, and Glenbard West have dominated the conference golf. This year however, Downers finally broke through to give them some real competition. One big advantage was that two thirds of our conference matches were on our home course.

# Tennis

Tennis is a sport that relies on the individual's effort more than that of the entire team. This year's team has many excellent seniors as well as juniors returning to the courts. They have some tough competition this year and looking forward to a challenging season.

# Girls' Sports

This year for the first time, girls' sports were offered in seven different areas on the interscholastic level. Aside from the state legalizing competition on a larger scale, Downers Grove North got involved for its own reasons. By offering interscholastic sports we are giving girls a chance to reach their potential. It's a chance for girls to experience competition on a higher level than in physical education class or intramurals. We have offered a variety of individual and team sports. Our program included tennis, volleyball, bowling, basketball, badminton, gymnastics, softball, and track.

Finishing first place in the conference, the Volleyball A Team ended with a record of ten wins, two losses. The B Team finished with two wins and ten losses.

The Basketball A Team's final standing was one win and three losses. The B Team finished with a two win, two loss record.

This year's Badminton team competed with other schools for the first time. They won no conference matches; all the other teams had been in competition before.

The Tennis team had a tough season finishing with a conference record of one win, five losses.

The Bowling team took first place in the conference handicap division. Vicki Lewanski won first place in the individual high series (handicap), the individual high single game (handicap), and the individual high single game (scratch).

Now with a year of competition behind them the girl's teams look forward to other successful years.

# SOPHOMORES

We're Number One!! With an undefeated football team, next year's varsity conference title is in the bag.

When you're a freshman, the upperclassmen pick on you a lot. Now that we're sophomores, we have someone to kick around.

The class boards have done quite a bit to bring the class together.

The "kiddie cars" aren't all they're cracked up to be.

Freshman year was a blast. Now that the novelty of being in a new school has worn off, we realize the amount of work really involved.

Even though being a sophomore does have its advantages, the upperclassmen have more.

# JUNIORS

We have the most fun of all the classes.

We're unloved by the rest of the classes in the school. The underclassmen are scared of us and the seniors don't like us.

Each year the teachers and the courses seem to be getting harder.

With only one more year until graduation, it's difficult to concentrate on the matters at hand.

All we wanted was a second place Homecoming float. That's all.

The Junior Class seems to be having a difficult time getting organized this year. Perhaps next year will be better.

# Seniors

we are always  
looking to the  
future; the  
present does not  
satisfy us.—  
our ideal what-  
ever it may be  
lies further on.

Senior Class Board: Front Row: Gale Gee, Pete Ineich, Karen Mann, Lisa Pokorski, Angie Pappas, Chip Hetzel. Back Row: Terry Ulfig, Alison Drummond, Norm Kenney. Not Pictured: Deb Schiavo.

Looking back on the last three years, I think senior year is the best. By this time you have a sense of maturity and feel more secure in the school.

Senior year is what you make of it. You can sit around and wait for something exciting to happen to you, or you can make what happens to you exciting. I've become a "sophisticated" senior and have focused on and waited for GRADUATION.

A lot of things happen when you're a senior. All of a sudden you realize you're growing up and you've got to start making decisions on your own. You realize this is probably the last time that you will spend a lot of time with your friends.

The Class of '73 will always be remembered. What other class could have two first prize Homecoming floats?

# Colour My World

COLOUR MY WORLD

As time goes on,

I realize

just what you mean,

to me.

Now, now that you're here

promise your love

that I've waited to share.

And dream of our moments

together.

Colour my world with hope  
of loving you.

ZIMMERMAN, STEVEN-A Cappella 3,4; Baseball 2.

ZULAS, JO ELLEN-IMEA State Band Festival; Band 1,2,3,4; Girl's Club 1; Orchestra 3.

BOHI, CAROL-Illinois State Scholar 4; National Honor Society 4; Book Club 4; Chess Club 1; Debate Team 2; Drama Club 1,4; German Club 4.

AND NOW...THE RESULTS OF THE MOST EXTENSIVE SURVEY EVER TAKEN OF NORTH HIGH SENIORS!

The next foldout in Cosmopolitan as indicated by the girls preferences is none other than our own Mr. Pappas!

The number one movie was The Godfather with Deliverance running a close second. However, some all time favorites were Gone With The Wind, Funny Girl, Billy Jack and Mary Poppins.

According to the Seniors, the five worst songs of the year were, "The Candyman", "Funny Face", "Happiest Girl in the Whole U.S.A.", "I Am Woman", and last but not least "School Song".

85% of the Seniors find National Lampoon amusing, 12% find it lewd and disgusting, and 3% don't know what National Lampoon is.

95% think the pollution laws should be stricter.

The survey also revealed that by a narrow margin, football is preferred over basketball.

Another astonishing fact that was revealed is, more boys plan to go to prom than girls! There's still hope.

79% think the abortion laws are morally right, while 21% are opposed to it.

87% of the people revealed that they did not get the most socially out of their four years at DGHS-N.

75% say the peace will not last, while 25% say it will.

94% plan to get married, 43% are unsure of their plans to marry and 12% never plan to get married.

And so it goes. . .

Root helps you to remember. . .

ROOT photographers - 1131 W. Sheridan - Chicago

if we could  
but read it,  
every human  
being carries  
his life in  
his face . . .

... on our  
features the  
fine chisels  
of thought  
and emotion  
are eternally  
at work.  
Alexander Smith

nothing can bring you peace but yourself.

Mr. Katrine:  
I really enjoyed being  
in Reading Lab. I  
want to thank you for  
helping me. Have a nice  
summer. Pam Berg

To Mr. Katrine -  
a great teacher &  
person! Thanks for  
everything you taught  
me in Reading Lab.  
Love, Benita
